

# REACH BEYOND HAMILTON ISLAND

Hamilton Island is one of nature's treasures and it is a highly desirable place to own a property. But there's a whole world out there that you and your property need to reach. Whether you are looking for holiday-makers and **rental returns or a buyer** to free up some capital, you need to look beyond the island.

PRDnationwide Whitsunday has a long history of getting results for Hamilton Island property owners because we have powerful reach beyond the island itself. Through **Accom Whitsunday**, we attract enquiries for **thousands of room nights per year**. And with our **network of PRD offices** around the country, each with an **extensive buyer database**, we can reach across Australia and around the world to find the buyers with the best offers.
