CHRISTMAS WISH LIST

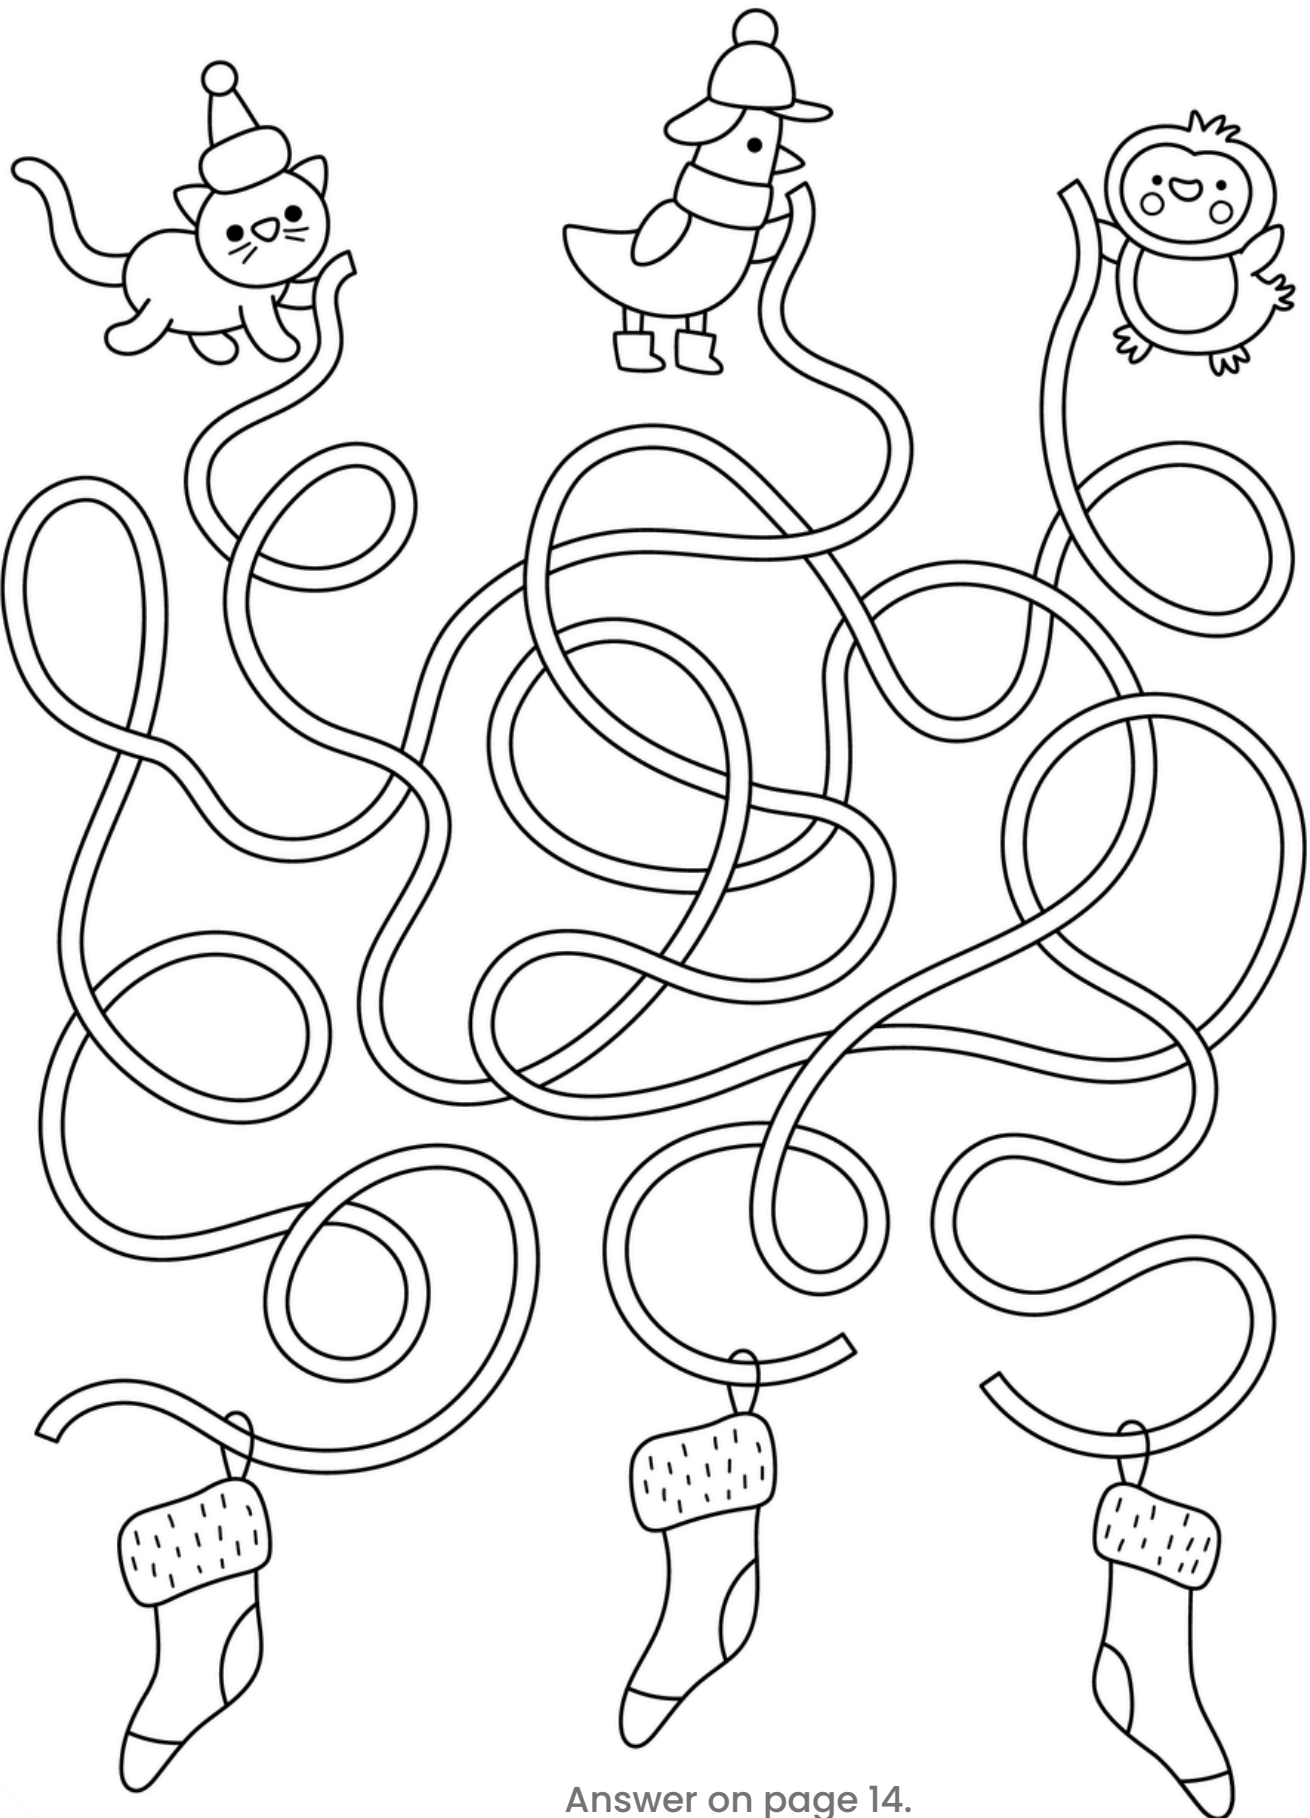

Dear Santa,

[illegible]

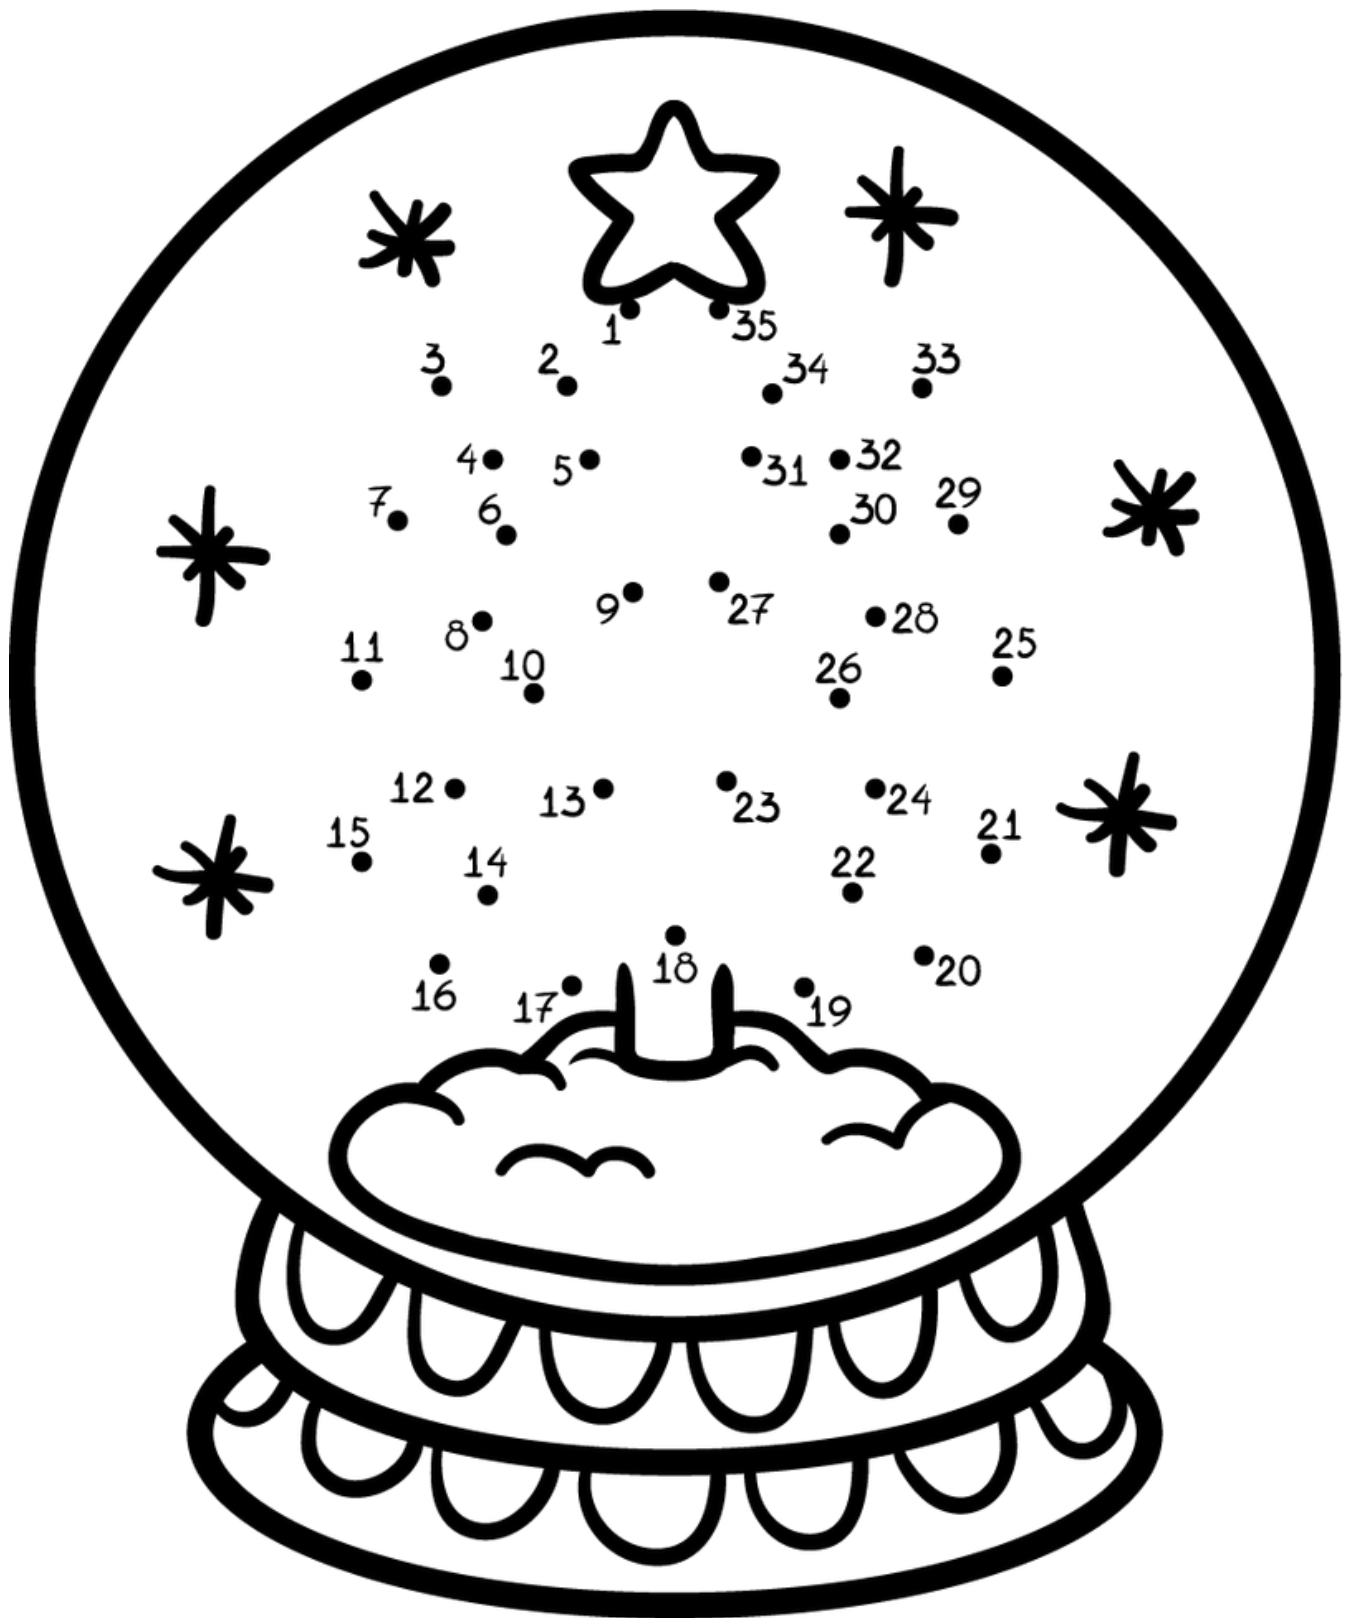

MATCH THE STOCKING TO THE ANIMAL.

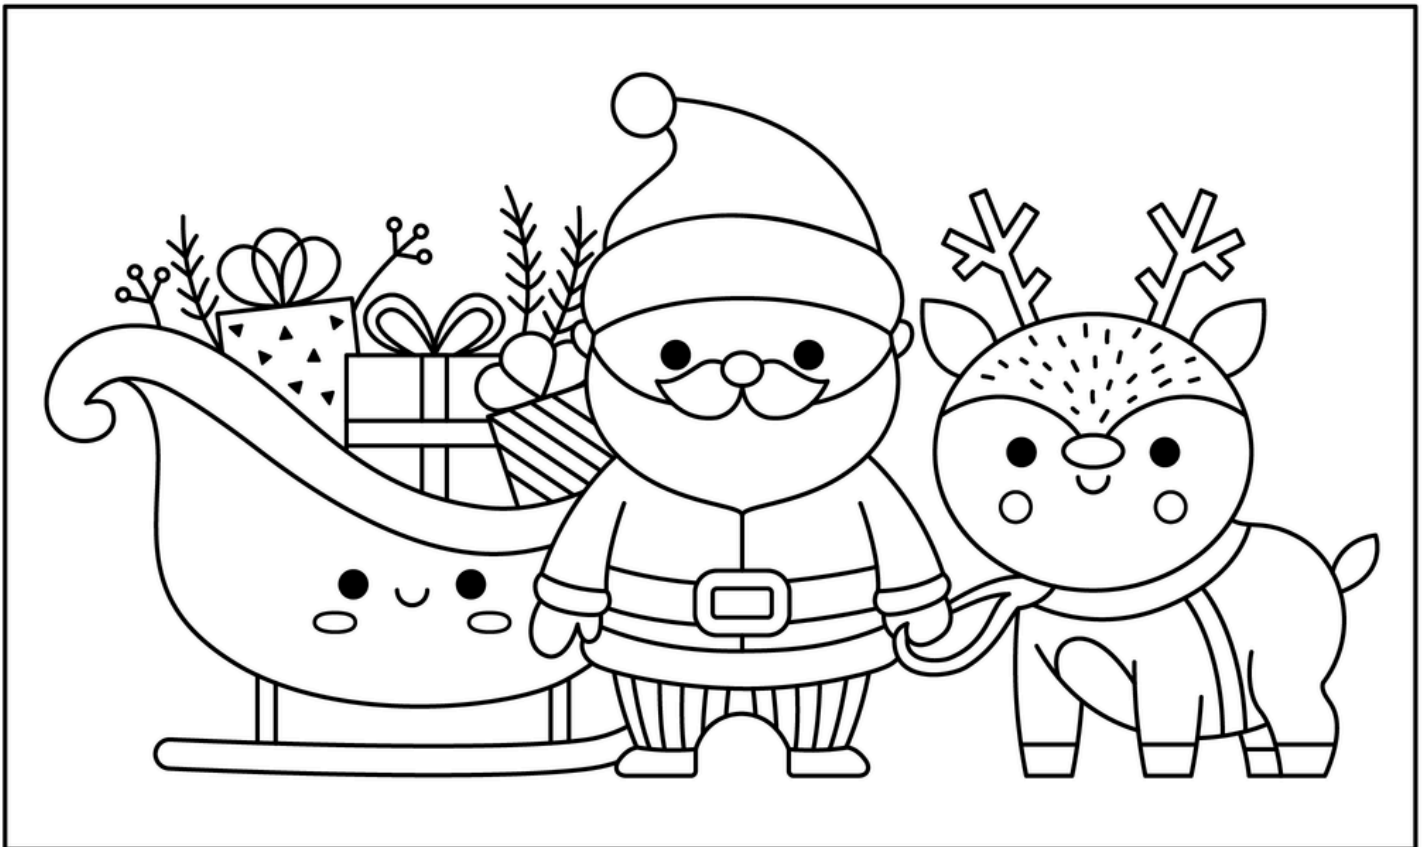

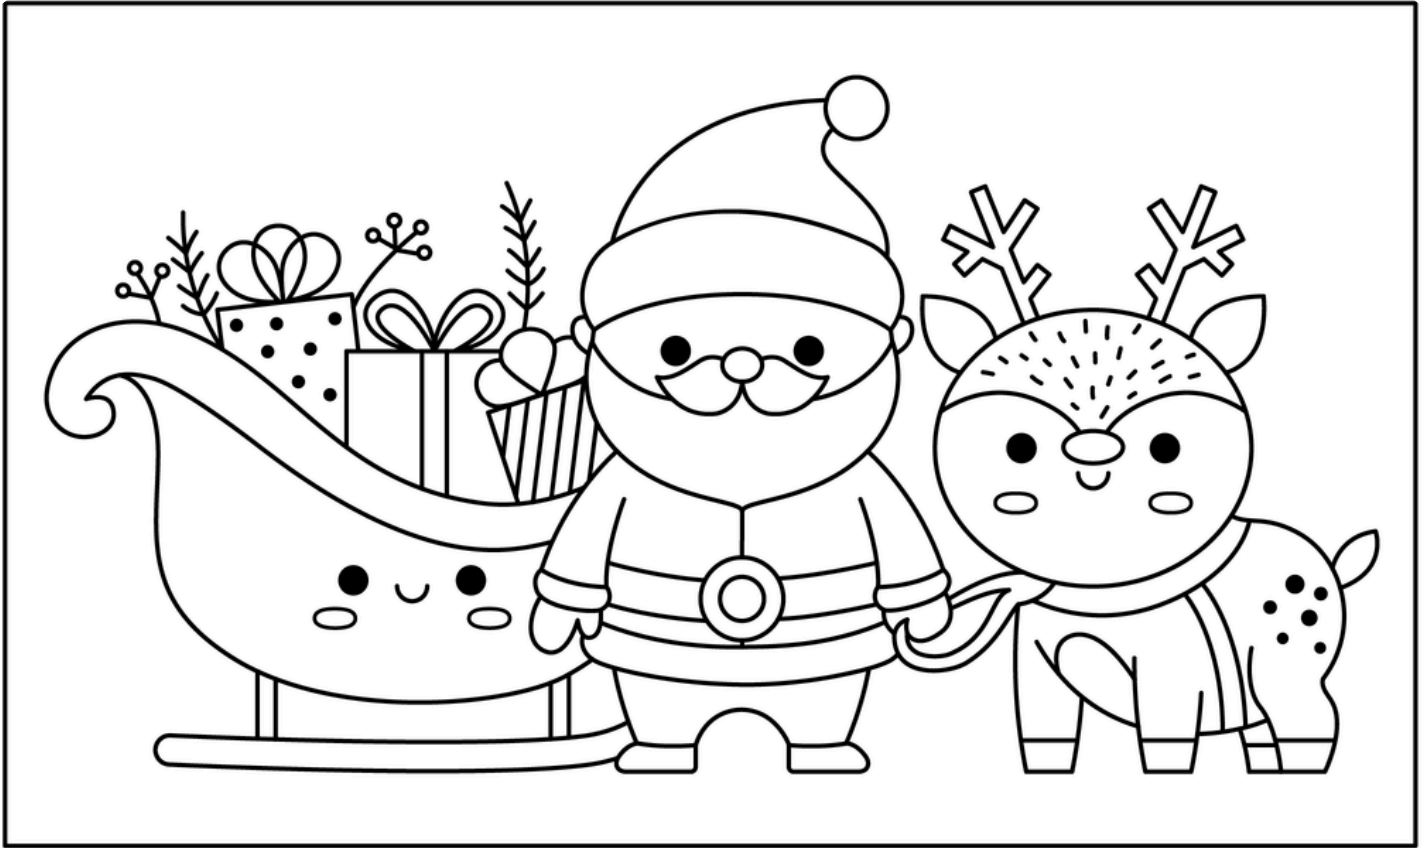

Answer on page 14.

CONNECT THE DOTS & COLOUR IN

Answer on page 15.

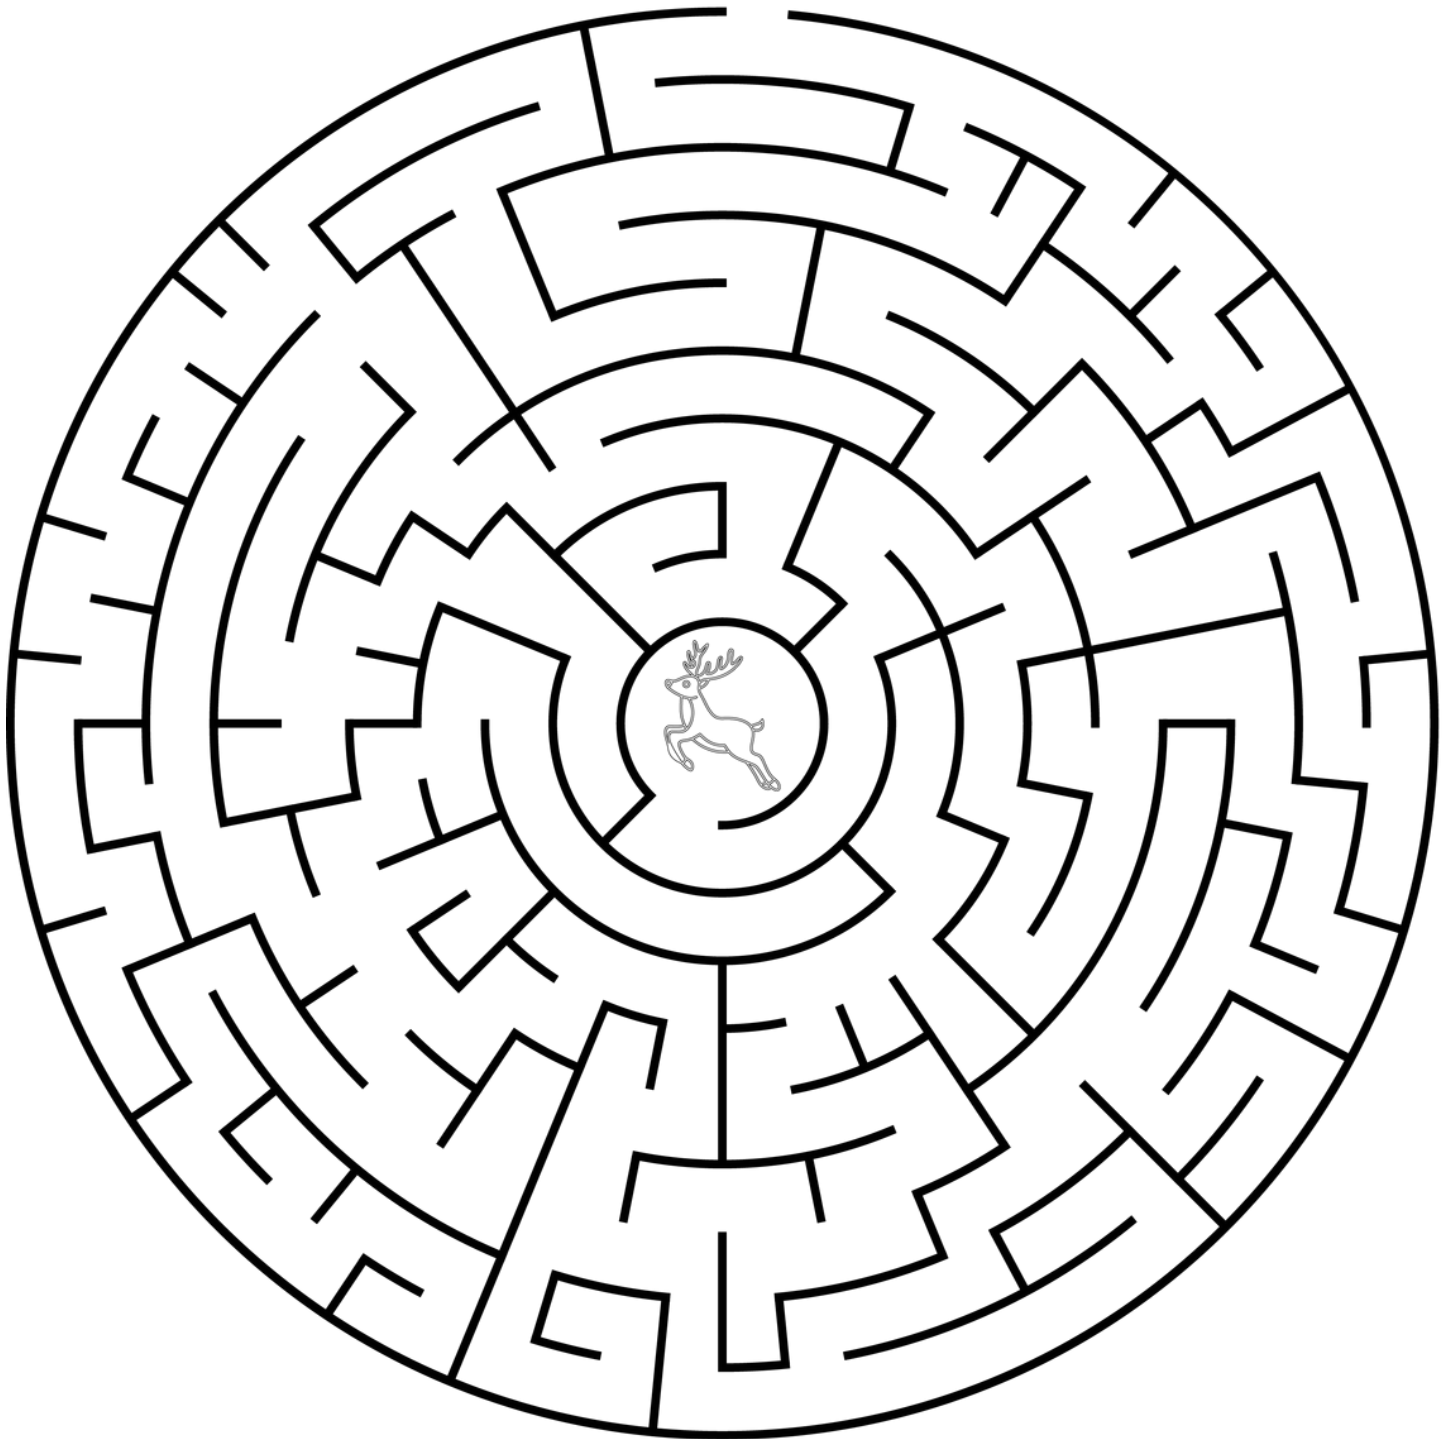

SPOT THE DIFFERENCE

Answer on page 16.

CHRISTMAS MAZE

Answer on page 17.

FIND 2 MATCHING PRESENTS

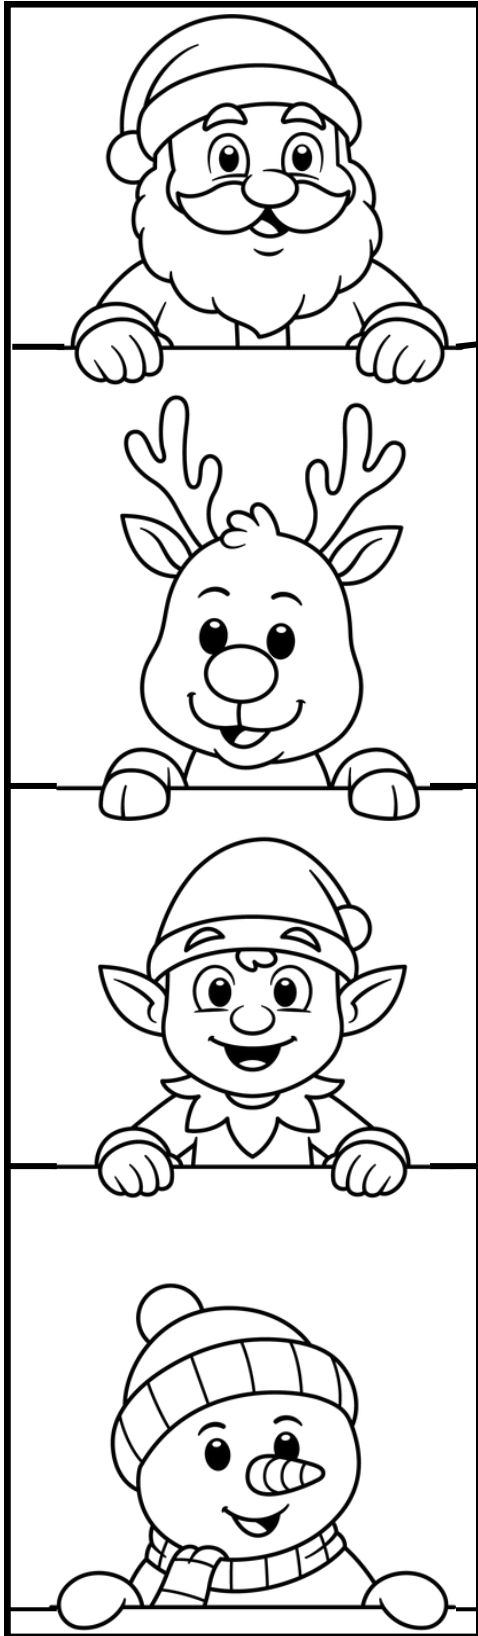

Answer on page 18.

CHRISTMAS BOOKMARKS

Colour in the bookmarks, and then with the help of an adult, cut the bookmarks out. and use them to keep your place in your favourite book.

MATERIALS NEEDED

- Red, white and green felt sheets
- Craft wire
- Christmas pom poms
- Ribbons
- Scissors
- Glue

INSTRUCTION LINK

MAKE IN 6 STEPS

1. Cut up your felt into 6x6cm squares. The amount of squares you will need will depend of the length of wire you use. **Adult supervision is recommended when using scissors.**
2. Create the pattern you want on your wreath. Use scissors to cut small slits into each of the felt squares.
3. Thread each felt square onto your piece of wire until it is full.
4. Bend your wire into the shape of a wreath and twist the ends together into a knot.
5. Spread out the felt pieces and tie a piece of ribbon around the wreath to create a hanger.
6. Glue on some pom poms to decorate your wreath. Allow to dry. Your Christmas Felt Wreath is now ready to hang!

STRING CHRISTMAS TREES

MATERIALS NEEDED

- Cone (styrofoam, but can also be made with papier mache)
- Cling wrap
- Crochet thread
- Sponge applicator brush
- Glue
- Adhesive gem rhinestones

**SCAN THE QR CODE TO
ACCESS THE INSTRUCTIONS.**

MAKE IN 8 STEPS

1. Wrap your cone in plastic wrap.
2. Make a loose knot in your crochet thread and slip it over the top of your cone.
3. Begin winding your crochet thread around the cone. After you have done a bit, use your sponge brush to spread glue on the thread.
4. Continue wrapping, going up and down the cone in random patterns, and gluing as needed.
5. When you are finished with the thread cut the crochet thread and glue it in place. Do a final dabbing with the glue all over the cone.
6. Let the cone dry.
7. Remove the tree from the cone. This might take a little wiggling and twisting to release it from the plastic wrap.
8. Add some adhesive rhinestones to the tree if you wish to give it some decoration.

REINDEER ORNAMENT

MATERIALS NEEDED

- Popsicle sticks
- Mini craft sticks
- Liquid glue or hot glue gun
- Red pompoms
- Googly eyes
- Brown pipe cleaner
- String, yarn, or ribbon for hanging

**SCAN THE QR CODE TO
ACCESS THE INSTRUCTIONS.**

MAKE IN 9 STEPS

1. Glue two regular sized popsicle sticks and one mini popsicle stick together to form a tall, skinny triangle. This will be the reindeer's head.
2. Glue one end of your brown yarn to the pointy top of your triangle.
3. Slowly wrap your yarn around and around the triangle, working your way toward the flat bottom. Once you get to the bottom of the triangle, add a layer of glue to secure the end of your brown yarn. Cut off any ends.
4. Glue a red pompom nose onto the pointy end of your triangle to form your reindeer's nose. Add two googly eyes.
5. Turn your reindeer over.
6. Cut one brown pipe cleaner in half. Cut about 1 1/2 inches of the top of each half.
7. Take the smaller piece of the pipe cleaner and twist it onto the longer piece forming an antler. Do this with the other two pieces so you now have two antlers.
8. Glue the antlers to the back of your reindeer.
9. Glue some cute yarn or ribbon to the back of your reindeer for hanging.

SANTA BINOCULARS

MATERIALS NEEDED

- 2 toilet paper tubes
- Red felt paper
- Gold scrapbook paper
- White faux fur
- Black tape
- Ribbon or string
- Hot glue gun
- Scissors

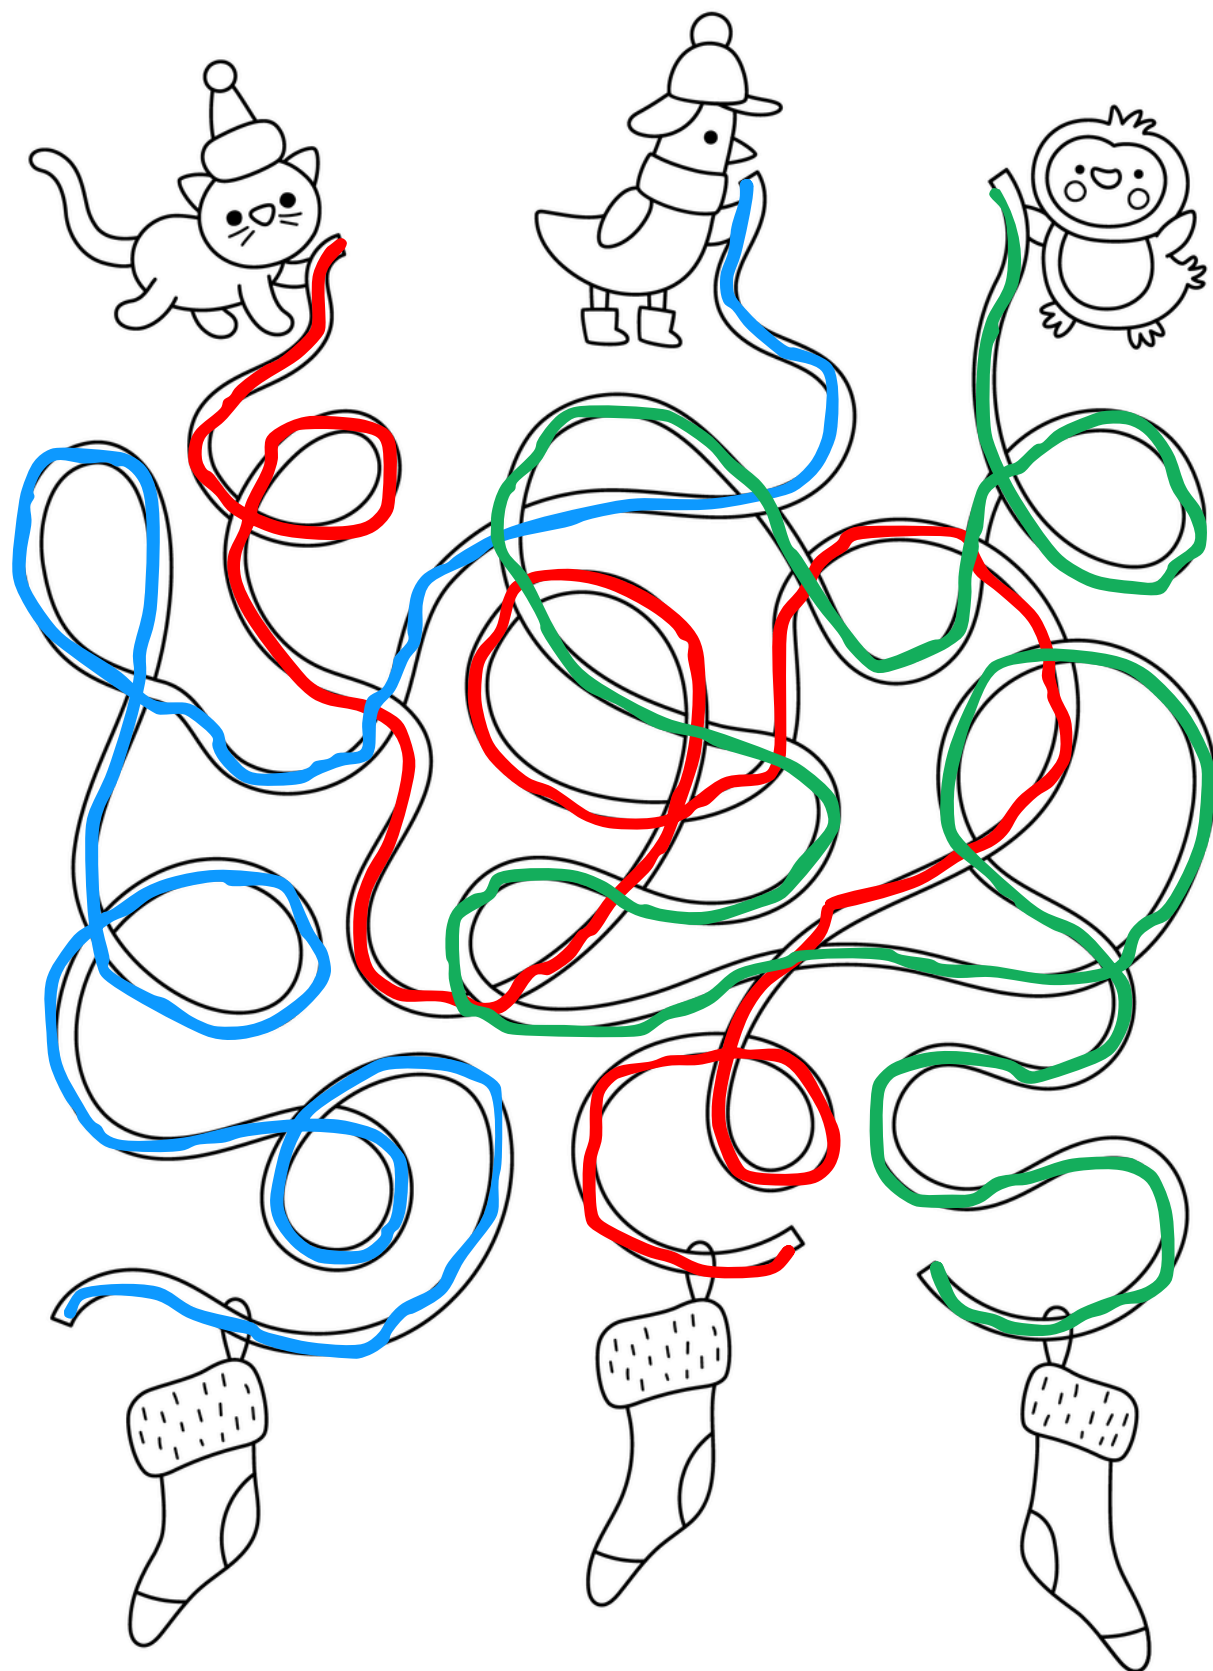

**SCAN THE QR CODE TO
ACCESS THE FULL
INSTRUCTIONS.**

MAKE IN 4 STEPS

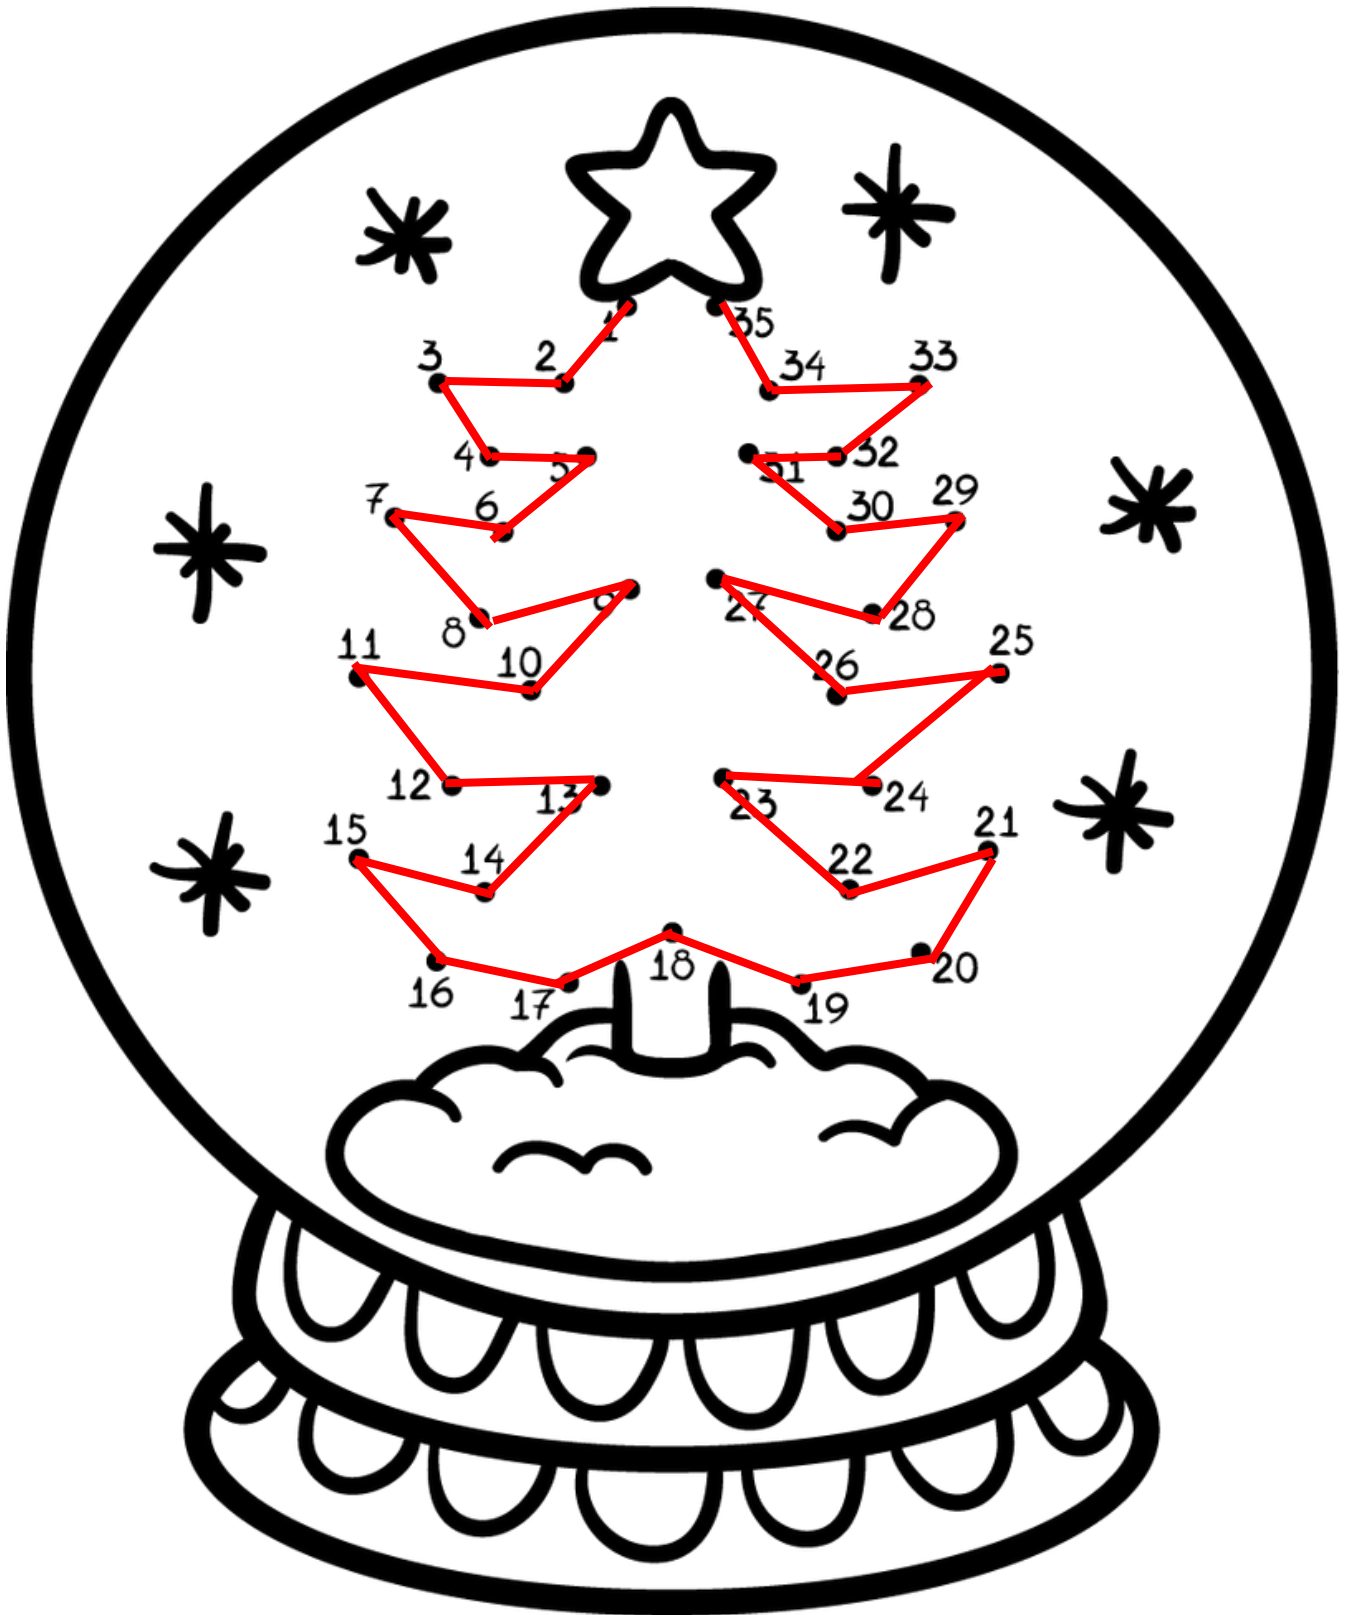

1. To get started, cut 2 large rectangles out of the red felt paper that are the width of the toilet paper tubes. Make sure they are long enough to cover the tubes. Apply a line of hot glue lengthwise along the tube and then wrap the felt paper around it. Repeat for both tubes. Alternatively you could paint the tubes with red paint, but you would need to add in drying time.
2. Next, place both toilet paper tubes next to each other and wrap the ends in black tape.
3. Once you've done that, cut a small square out of the gold paper and glue to the middle of the black tape. Then, wrap the faux fur around the end of the binoculars and cut to size. Once you're happy with it, glue them on with the hot glue.
4. Next, add ribbon so the santa binoculars can be hung around you neck. Cut the ribbon or string to the desired length and then glue each end to the insides of the toilet paper tubes.

ANSWER:
MATCH THE ANIMAL
TO THE STOCKING

ANSWER

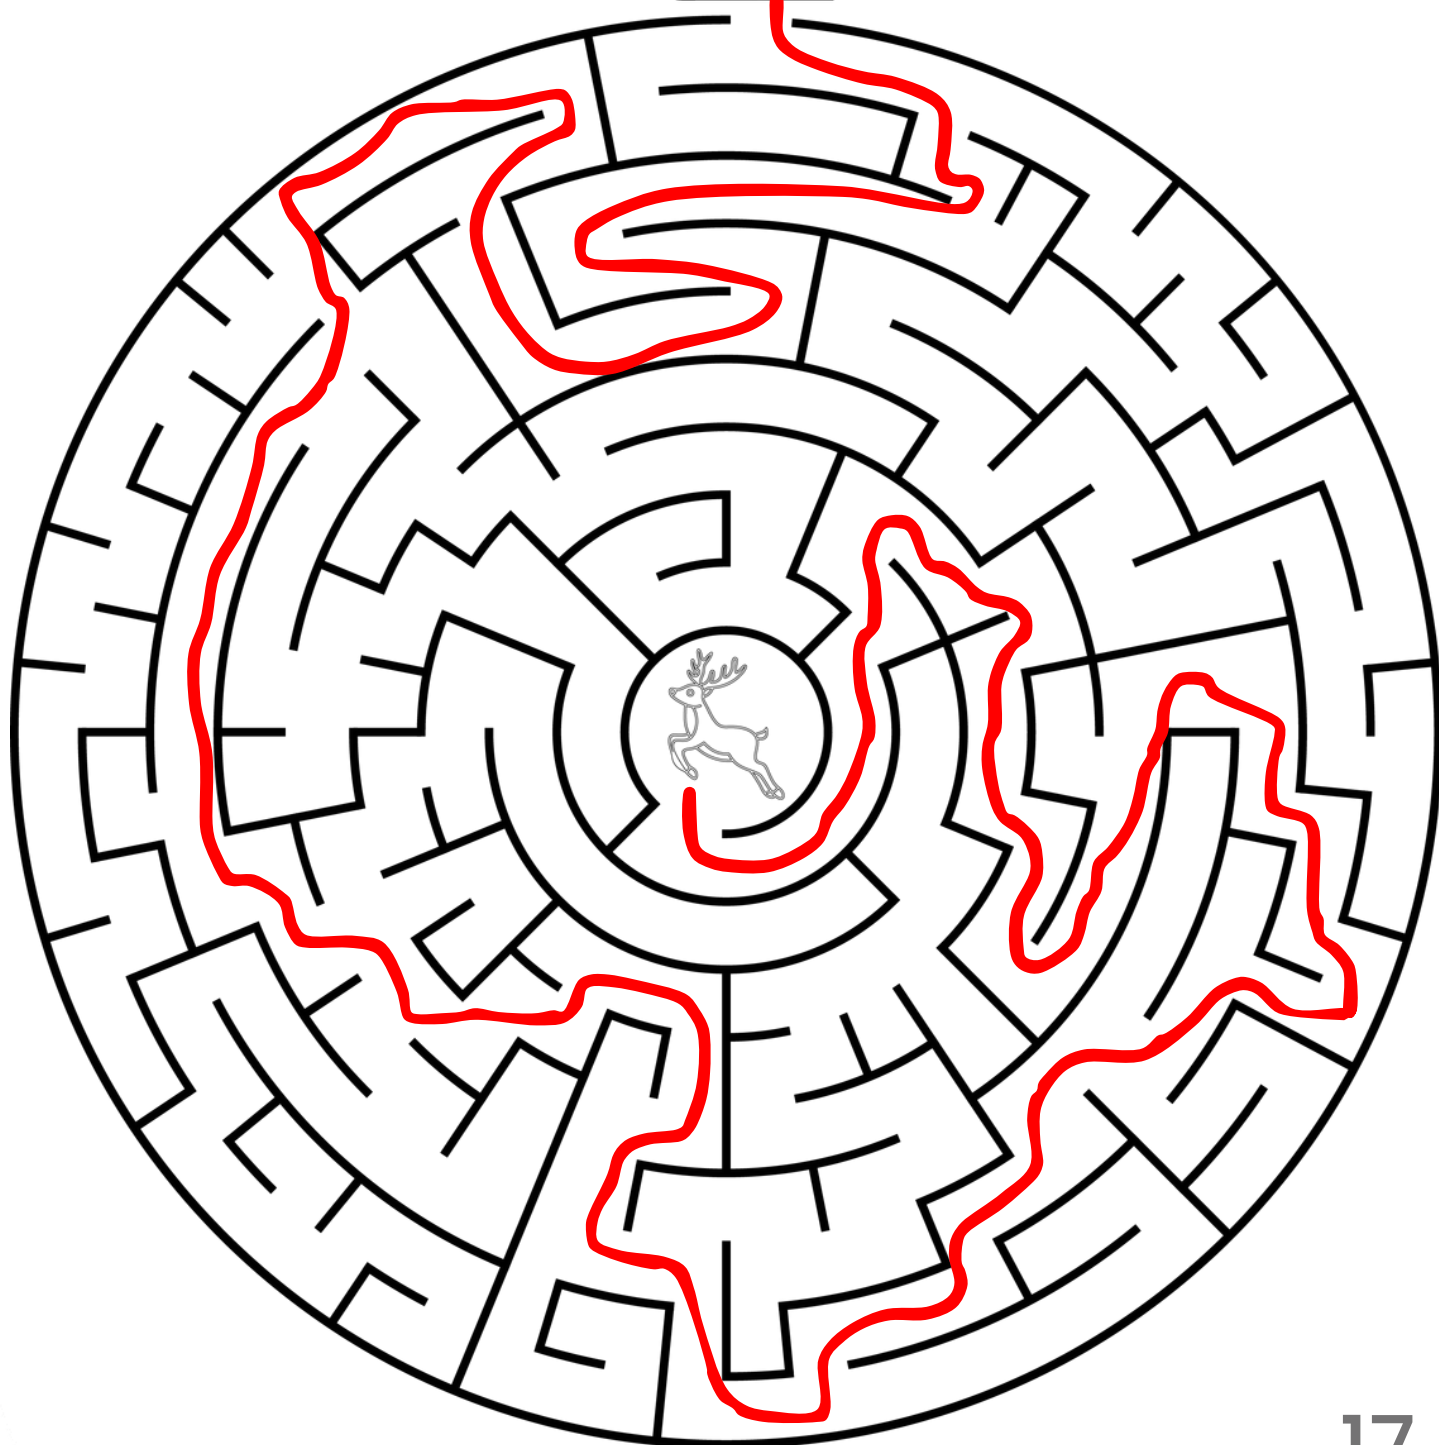

CONNECT THE DOTS

ANSWER: SPOT THE DIFFERENCE

ANSWER: CHRISTMAS MAZE

ANSWER: 2 MATCHING PRESENTS
